

### Export Control Form I-129 Questionnaire:

As set forth in the guidance of January 12, 2012, Form I-129 requires CUNY campuses to certify to the United States Citizenship and Immigration Services ("USCIS") that the employee ("visa beneficiary") the campus seeks to bring to the United States either (1) will not have access to certain types of advanced technology at CUNY or (2) will have access to certain types of advanced technology but that CUNY will obtain a license prior to giving the visa beneficiary access to it.

In order to determine whether an export license is required, a campus official who works in a capacity that enables him/her to anticipate the work that the visa beneficiary will perform must complete the attached questionnaire. Because the answers to these questions will form the basis for a *certification made under the penalty of perjury*, it is critical that these questions be answered accurately.

#### Part A:

1. Department requesting hire of visa beneficiary:
2. Name and contact information of department official completing this questionnaire:
3. Name of visa beneficiary:
4. Country of citizenship:
5. Country of residence:
6. Reason for I-129:  
 New employment  
 Continuation of previous employment  
 New position for existing employee
7. Expected start date:
8. Description of work the visa beneficiary will perform at CUNY. Please include the nature of the work expected and descriptions of any technology, technical data or source code that will be released to the beneficiary:
  
9. Sponsor(s) of research projects on which visa beneficiary will participate:
10. Principal Investigators with whom the visa beneficiary will work:

#### Part B:

1. Yes  No  Will the visa beneficiary be working on matters in any of the areas below? If yes, please indicate which areas.

- a. Chemical, biotechnology or biomedical engineering
  - b. Materials Technology
  - c. Remote sensing, imaging and reconnaissance
  - d. Navigation, avionics and flight control
  - e. Robotics
  - f. Photonics
  - g. Propulsion systems and unmanned vehicle subsystems
  - h. Telecommunications/networking (including satellites)
  - i. Nuclear technology
  - j. Sensors and sensor technology
  - k. Advanced computer/microelectronic technology
  - l. Encryption technology in excess of 64 bits?
  - m. Laser and directed energy systems
  - n. Rocket systems
  - o. Marine technology
  - p. Nanotechnology and new materials (e.g., composites and ceramics)
  - q. Applied Physics
- 
2. Yes \_\_\_ No \_\_\_ Will the visa beneficiary have access to any proprietary or confidential information derived from a third party, such as a corporate sponsor, that cannot be shared? Access includes verbal discussions, training, access to shared drives or websites, access to laboratories and equipment.
  3. Yes \_\_\_ No \_\_\_ Does the research agreement (grant or contract) on which the visa beneficiary will be working restrict or prohibit the research team's right to publish any of the data or research results?
  4. Yes \_\_\_ No \_\_\_ Does the research agreement (grant or contract) on which the visa beneficiary will be working restrict or prohibit the participation of foreign persons on the project?
  5. Yes \_\_\_ No \_\_\_ In performing work under the visa, will the visa beneficiary have access to equipment designed, developed, configured, adapted or modified for a military or space application?
  6. Yes \_\_\_ No \_\_\_ Will the visa beneficiary work with materials obtained under a Materials Transfer Agreement?
  7. Yes \_\_\_ No \_\_\_ Will the visa beneficiary work with or have access to high-tech or experimental equipment, such as high speed computers, encryption technology, sensors, lasers, telecommunication devices or other cutting edge equipment?
  8. Yes \_\_\_ No \_\_\_ Do you have any reason to believe that the visa beneficiary will work with or have access to any item or information that could pose a threat to the security of the United States?

I recognize that the information I have provided above will form the basis for a certification, made under penalties of perjury, to the federal government. To the extent I have relied on information provided by other people, I have listed those people below and certify that they have reviewed and found the representations in this document to be accurate. The information I have provided is complete and accurate to the best of my knowledge.
